

How To Style 101

By Zaria Dancer

An outfit must be interesting through

- Color
- Shape
- Texture

Key Features for Success

Find Your Personal Style & Pick Colors that work best for you -
(Consider Professional Color Wheel Readings & Consultations)

Build a Foundation Wardrobe & Buy Basics - jeans (Blue & Black),
white oxford button-down shirt, a black blazer, loafers, white &
black tees, and or a well-fitting/comfortable dress

Play with proportions & Pick flattering shapes that work for your
body - Tailor if Necessary

Things to Consider

Inspiration

Use Magazines and other forms of Media if necessary - Pinterest is a great option

Colors

Neutrals are your friend - maybe even Bestfriend. When in doubt, stick to the Basics.

Patterns

Start Simple: 1 Solid/1 Pattern or 2 Similar Patterns - Color Coordination is **Key** Here

Occasion

Where Are You Going? Is it Upscale or Casual?

Style

Classic or Trendy? Chic or Boho? Versatility is always possible with Cohesion

Accessories

Elevate your Outfit with **Jewelry**, Scarves, Belts, Hats, and or Bags - Don't Over Do It

Pairing large-scale patterns with a smaller one creates a more balanced look.

If you're uncomfortable, begin with 1-2 patterns. As you learn more about your style and coordination - continue to explore.

Wear What Make You Look and Feel Good. Your Confidence, Comfort, and Happiness is most importance.

Wear the outfit, don't let it wear you!

Work with tones and colors that suit you and ensure a cohesive look.

When picking patterns, consider options in the same color palette or choose complementary colors.

Pick a focal point for your outfit & build around it to highlight and complement it.
